Dear Parent/Carer

Friends of Lisnagarvey is an integral part of the school. We work very much as a team of adults who value the efforts and contributions of all our members. Our goal is to raise vital funds which supports all aspects of school life.

Over the years we have hosted many different events, such as discos, quiz nights, school fairs and raffle draws. The funds that have been raised have enabled us to provide the school with items, such as picnic benches, a portable sound system and new books for the library.

**We need your help.** We understand that not everyone wishes to sit on a committee, but most are very willing to help at the various fund-raising events. Each year we welcome new Year 8 parents, and this helps to bring new creative ideas and refresh the dynamics of the group. We would like to invite you to be a "Friend of Lisnagarvey", and join the group to contribute as and when you can.

I would encourage you to consider joining "Friends of Lisnagarvey". We as Parents, Staff, Teachers and Students collectively support the school and organise events which will always benefit your child.

Yours sincerely
